BECOME A FRIEND &
HELP LOOK AFTER YOUR
COMMUNITY HERITAGE AND
THE OLDEST BUILDING IN TOWN

ST ANDREW'S CHURCH RUGBY

**AT THE HEART OF THINGS:
THIRTEEN BELLS, TWO TOWERS,
ONE INCREDIBLE BUILDING**

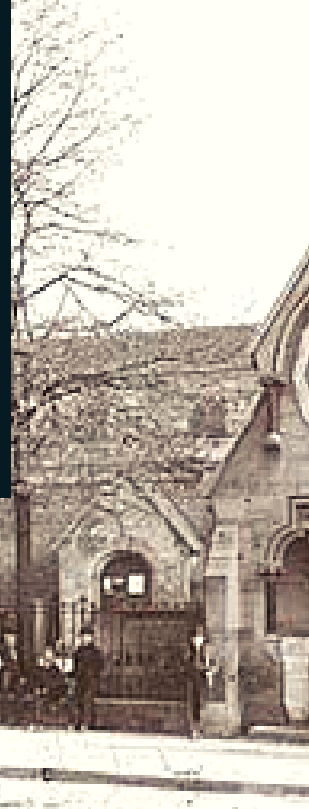

A CHURCH OF TWO TOWERS

The two towers were built around 550 years apart and are prominent features on Rugby's skyline. By becoming a Friend you are investing in the heritage and fabric of the building but will also help us investigate our past, engage new generations in our story and create unique events - such as regular behind the scene tower tours. .

THE OLDEST BUILDING IN TOWN

St Andrew's has stood at the heart of Rugby for over 600 years. 130 years ago, the medieval church was enlarged and restored by notable Victorian architect William Butterfield.. Over the last few years lots more has been restored, however a building like this require constant attention

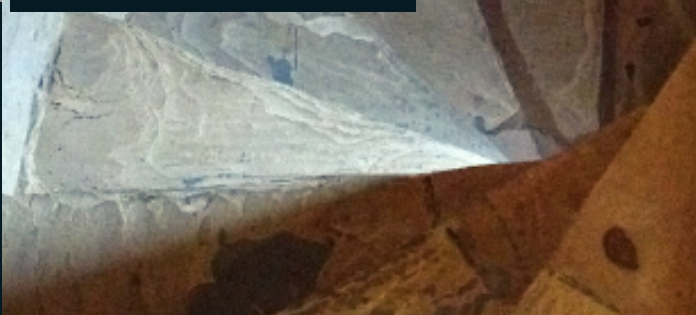

SUPPORT RUGBY'S UNIQUE HERITAGE

St Andrew's is the only parish church in the world to have two separate sets of ring-able bells. We have two towers and 13 bells in total.

INVESTING IN THE FUTURE OF THE CHURCH GARDENS

St Andrew's are within a designated preservation area and we are keen to protect our heritage and historic gravestones, whilst developing a dedicated tranquil green space in the centre of a busy town. The next two years will herald some developments in our gardens, including bespoke public art, heritage trail and new tourist display boards.

WISH LIST

Over recent years more than £500,00 has been invested in the fabric of the church, restoring roofs, new lighting & sound systems. Currently we are working on rejuvenating our gardens and our tourism offer. Whilst long term we would like to restore the paintwork and clean the interior stonework. You can help support all this by becoming a Friend.

STAINED GLASS

St Andrew's is illuminated by fine stained glass, including notable designs by Clayton and Bell. Money raised by the friends will support a new guide book for the church
